November
Tuesday the
14

First part thick Weather with Strong squalls of
Wind And rain Steering S S E With the W S W
At 2 P.M. the Main At Most Head Called out he
Saw bottom under the Ship And that there
Was Shal Water A head & being Leaw At the
time And hearing the Call ran on deck And
Saw the bottom verry plain the Sailing off
At this time And thinking Ship would not
Stay ordered the Spanker taken in And the
After yards Squared After the Ship Was
by the Wind on the other tack sounded found
10 fathoms found that we had run 3/4 of a
Mile on the bank the harvest being 1/2 at the
of our Weather quarter perceived a sail A Master
Boar ship And Soon gat of the reef
on the northern Edg of the reef there Was A
Shoal spit Where the sea Broke At times
Weather occationed by the tide of by the Shoals
ness of the Water I cannot determin
At half past two the Sprang up from E S E
And we Soon gat of the reef in to deep water
At the time we first perceived the Main
on the bank the island bore S W by W
dist 6 or 7 Mile And saw Shoal water 3 or 4
Miles Center to the East ward of us
Middle part Moderate Winds from S E Made
Short tacks during the night
Latter part light Winds from S E And
Clear Weather At 8 P.M. saw the island before Mentioned
bearing S by W dist 5 Leagues At the Same
time Saw A heavy breaker bearing S S E
About 15 Miles from us Sounded
Latitude 7°-33 Long

November
Wednesday the
15

First part Come in With light Winds & Vn
varable With A heavy Swell from E
At 6 PM Came a brisk Wind from S & W Saw
And Stood to the Eastward the island bearing
S S E dist 12 Miles At 12 Saw Ship
And Stood to the Westward
Middle part Calm With A heavy swell
Latter part light airs from E & E Steered
S W found the Current had Set us to
